

# ATTENTION SAN ISABEL, BEULAH AND SURROUNDING AREA RESIDENTS

## - Fire Mitigation Slash Collection -

**Saturday, June 20, 2020**

**(One collection day only!)**

The Middle Arkansas Wildfire Prevention Partnership will be accepting loads of slash at the **“gravel pit” on Highway 78 near San Isabel**. In an effort to reduce the wildfire hazard in our communities, homeowners in the San Isabel / Beulah areas are invited to haul slash from their properties to this site. This opportunity is offered to property owners that live adjacent to, or in the communities adjacent to National Forest lands in the San Isabel and Beulah areas.

**Collection Date:** Saturday, June 20, 2020

**Hours of Collection:** 8:00am to 4:00pm

**Collection Location:** Hwy 78 – Mile 1.0

Commonly called “12-mile road”

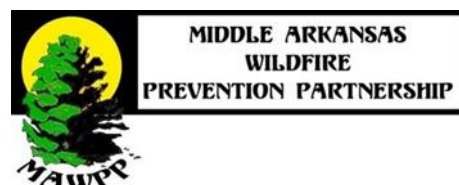

**Materials Accepted:** Slash and natural  
woody debris only – no trash!

**Each load will be evaluated – prior to unloading**

The US Forest Service, San Carlos Ranger District, has graciously offered this site again this year for the collection day and will burn the piles next winter. To help protect your national forest, these **STRICT RULES MUST BE ADHERED TO:**

- Woody debris from your area property only
- Limbs & branches from firs, pines, oak & brush
- NO: Lumber, weeds, grass, sawdust, stumps, wood chips or trash of any kind!
- Please do not bring ground litter such as pine needles
- NO COMMERCIAL OPERATORS  
(Contractors working for participating landowners are welcome)

**Project contacts:**

Joseph Williams
